Education

Sushila Devi Bansal College Of Technology Bachelor of Technology in Computer Science Engineering (CGPA: 7.15)	2021 - 2025 Indore, Madhya Pradesh
Shree Neema Vidhya Niketan H.S School Class 12th M.P Board (Percentage: 76%)	2019 - 2020 Indore, Madhya Pradesh
Shree Neema Vidhya Niketan H.S School Class 10th M.P Board (Percentage: 78%)	2018 - 2019 Indore, Madhya Pradesh

Technical Skills

Languages:	Core Java , Javascript , SQL
Technologies:	React.js, Express.js, Node.js, Tailwind CSS,
Tools:	Git , Github
Database:	MongoDb , Mysql

Experience

Netdev private limited Web Developer Intern	May 2023 – Oct 2023 Indore, Madhya Pradesh
<ul style="list-style-type: none">- Collaborated on HR management system during internship, enhancing employee data management and streamlining HR processes.- Utilized Git version control system extensively to manage codebase and streamline collaboration within a dynamic team environment during internship..- Took initiative to learn and implement React and Tailwind CSS in real-world scenarios during my internship, contributing to the creation of responsive and visually appealing web applications..	

Projects

Fun&Learn / JavaScript, Flask, MongoDB <ul style="list-style-type: none">- Designed Fun&Learn, a Educational game web app enabling kids to play and learn through interactive puzzle, sequence and memory games.- Developed user-friendly interface for gameplay and user profile to access the user report based on previous gameplays.- Designed a backend using python flask to store and manage the score and user data of the user.
E MARKET APPLICATION / React.js, Tailwind CSS, Node js, MongoDB <ul style="list-style-type: none">- Create a E-Market platform application using MERN STACK, technology, integrated with react query and react-router for seamless navigation and data fetching.- Users are allowed to buy and sell products, featuring secure user authentication and a responsive UI.- Implemented a feature allowing users to like, comment, or share products for enhanced engagement and interaction.
CONTENT MANAGEMENT SYSTEM / React.js, Material UI, Node js <ul style="list-style-type: none">- MERN website with CRUD functionality, utilizing state management with React hooks, leading to a decrease in loading time.- Effectively utilized NODEMAILER library, ensuring robust and timely email delivery for password reset functionality.- It is a fully responsive single-page web application, implementing MVC architecture in the backend for scalability.

Certifications and Achievements

- Successfully part of a team to achieve 3rd place in the college **internal hackathon** competition by developing an innovative solution
- Certified in **Introduction to NodeJs and ExpressJs by Academinds**, demonstrating proficiency in Backend development.
- Completed over 300+ DSA problems on various coding platforms.
- Certified in **Java programming** by National program on technology enhanced learning (**NPTEL**).
- Certified in Introduction to **ReactJS** by **Academinds** validating foundational knowledge in ReactJS.
